

FOURTH SUNDAY IN ORDINARY TIME

SECOND COLLECTION NEXT WEEKEND

Hurricane Matthew punished Haiti, other Caribbean Islands and the coast of Florida, Georgia and the Carolinas in late September and early October. It set local rainfall records and Atlantic basin records for duration. Haiti suffered catastrophic damage on the scale of their 2010 earthquake. Humanitarian aid to 1.4 million people in urban and rural areas is still needed. We ask you and your family to pray for the victims of the storm and to consider a second gift in the collection next week. Catholic Charities will use donations marked for Hurricane Matthew Relief to aid the people of Haiti and other areas needing long term recovery support.

CHRISTMAS POINSETTIAS

We are starting to pull away some poinsettias from the altars. Please take the ones located in the back of the church near the confessional if you would like one.

IT IS IMPORTANT TO BELONG

It is good for everyone to have a sense of belonging...some place to call your own. It is good to belong to a parish...to have a church to call your own. Possibly you have been coming to St. Mary's for some time and never actually joined or registered. If you do not receive mailings, it may indicate we do not have your correct address or that you may not be registered.

If you would like to call St. Mary's your parish, please fill in a census card located on the table in the back of church and simply place it in the collection basket, mail it, or bring to the Parish Office. You may also email the office at churchofstmary@yahoo.com for a form.

REMINDERS DURING FLU SEASON

- Parishioners should not share the sign of peace if feeling ill.
- It is recommended that parishioners receive Communion in the hand. Communion on the tongue does present hygienic problems during flu season.

ENVIRONMENTAL STEWARDSHIP

How can my eating habits and my daily personal routines have an impact on the environment? Did you know: drinking tea rather than coffee saves 120 liters of water? To shower 3 minutes less saves 60 liters of water? Buy one less T-shirt saves 2,700 liters of water? (www.thirstforwater.org/water-crisis.html) Can you think of other ways? Research can jumpstart our thinking. It's up to us to respond.

MARRIAGE WEEK...National Marriage Week is an annual collaborative campaign to strengthen individual marriages, reduce the divorce rate, and build a culture that fosters strong marriages. The 2017 National Marriage Week is February 7-14. There are several websites with resources to help parishes and families prepare to celebrate National Marriage Week. The link to the National Marriage Week page on the USCCB website is www.usccb.org/issues-and-action/marriage-and-family/national-marriage-week.cfm.

The CatholicMatch Institute is focused on promoting the benefits of marriage and strengthening existing marriages. They are offering free content that not only encourages marriage enrichment for existing couples, but also promotes purposeful dating for single Catholics who want to get married.
